04. VISUAL ASSETS

The HairBright visual assets are the translucent organic waves that frame the logotype and give each piece movement and life. They represent the natural flow of hair and the essence of the brand.

Wave Variants

		
Dual Mauve <i>Mauve-burgundy gradient</i>	Cloud Pink <i>Ethereal and soft blush pink</i>	Mauve + Nude <i>Mauve and caramel combination</i>

Principios de Application Visual

Shapes	Organic waves similar to those of the logo act as dividers, frames or backgrounds. Always in mauve, pink or peach tones.
Spacing	Maintain generous margins (≥ 1 cm for digital, ≥ 1.5 cm for print). Visual breathing room is part of the premium identity.
Photography	Warm lighting with neutral and rosy tones. Prefer close-up shots of hair, hands or products. Avoid cold or oversaturated images.
Golden Star	The golden sparkle (★) of the logotype can be used as a decorative icon, divider or watermark. Never rescale in a way that loses its proportions.
Opacity	Waves are always applied with transparency (20–60%). Do not use at 100% opacity as a background element.
